Target Populations for Referrals[1]

☐ **Child with Special Health Care Needs (CSHCN)** - Defined as a child at increased risk for a chronic physical, developmental, behavioral, or emotional condition that has lasted or is expected to last at least 12 months and who requires health and related services of a type or amount beyond that required by children generally.
Specific concern: _____
If developmental concern, has child been referred for Early Intervention Services? ☐ Yes ☐ No

☐ **Child in Foster Care** who needs to be linked to a medical home.

☐ **Infant in Neonatal Intensive Care Unit (NICU)**

Child Exposed to Toxic Stress.
***Toxic stress** includes, but is not limited to:

- ☐ Current domestic/family violence
- ☐ Caregiver unable to meet infant's health and safety needs/neglect
- ☐ Parent(s) has history of parental rights termination
- ☐ Parental/caregiver substance abuse, neonatal exposure to substances
- ☐ CPS Plan of Safe Care referral for "Substance Affected Infant" **(Complete section "Infant Plan of Safe Care")**
- ☐ Unstable home
- ☐ Unsafe where child lives
- ☐ Parent/guardian suffers from depression or other mental health condition
- ☐ Homeless or living in a shelter
- ☐ Other Please specify: _____

Medical Home Referral[2]

☐ Check here if primary care provider (listed above) would like to make a direct referral for CC4C care management.
Specify reason for referral if not indicated above: _____

Notes:

[1] If any of the boxes under "Target Populations for Referral" is checked, the child is eligible for CC4C Program and will receive a comprehensive health assessment.

[2] If the Medical Home provider checks the "direct referral" box, the child is automatically referred for CC4C care management. The CC4C care manager may contact the Medical Home to clarify the need, as appropriate.

Care Coordination for Children (CC4C) Referral Form

Internal Use: Date Referral Received:

Infant Plan of Safe Care	
Based on information known at intake and the services provided by CC4C, infant and family could benefit from the following (check all that apply):	☐ Comprehensive health assessment to identify a child's needs and plan of care, including Life Skills Progression ☐ Linkage to medical home and communication with primary care provider ☐ Services and education provided by CC4C care managers that are tailored to child and family needs and risk stratification guidelines. ☐ Identify and coordinate care with community agencies/resources to meet the specific needs of the family. Please specify below: ☐ Evidence-Based Parenting Programs ☐ LME/MCO or mental health provider ☐ Home visiting programs, if available ☐ Housing resources ☐ Food resources (WIC, SNAP, food pantries) ☐ Assistance with transportation ☐ Identification of appropriate childcare resources ☐ Other _____ ☐ Screening for referral to Infant-Toddler Program through Early Intervention for infants with diagnosis of Neonatal Abstinence Syndrome or for infants with developmental concerns ☐ Assessment of family strengths and needs and how they influence the health and wellbeing of the child
