3. RFI on Medicaid Transformation

The Request for Information for entities interested in being plan managers of the Medicaid 1115 waiver has been posted. The RFI itself is in two parts and is located in the State procurement system. There is also information on the deadlines posted on the NC DHHS Medicaid Transformation webpage. DHHS has also posted a summation of comments received on the Program Design and their response to separate issues.

Link to the actual RFI documents (NOTE: there are two):

4. Possible Training via Tiered Case Management Pilots

I have nothing definite yet nor any details. But wanted SOC Coordinators/ Family Partners to know that I am working with the Tiered Case Management project to see if we can allow for the participation of SOC Coordinators/Family Partners to participate in National Implementation Research Network training that TCM sites will be getting. I will certainly give as much notice as I can.

- 5. December 4th Breeze Call – Looks like we might be able to hear more about the Child Welfare developments. I'm working on the panel for that call.**
